DIAL DIRECT FROM
617/528-5400 Franklin, Norfolk, Medfield, Medway, Walpole.
617/336-7610 Seekonk.
617/376-2295 Millis, Medfield, Medway, Sherbon.
617/226-2830 No. Attleboro.

Dear Seniors,

It is a fact that the Class of 1982 has been enthusiastic, industrious, and friendly. So have other classes. However, more than any other, I will best remember this class as being fun-loving. As Freshmen, I asked you to have fun at Tri-County and I am sure that at that time many of you did not understand. As you grew, I was pleased to note that, almost without exception, you learned that having fun had nothing to do with getting into trouble. You learned that the satisfaction of a job well done was fun. You learned that you learned that pride in workmanship was fun. You learned that you could compete without ill-feeling and that you could cooperate without feeling cheated. And you demonstrated that cooperation and competition could be enjoyable activities.

I am pleased that each of you is leaving Tri-County with adequate skills and a mature attitude that will insure success in our industrial society, and I urge you to continue to enjoy and appreciate every step along the way.

But, before you go, allow me, on behalf of all who work at Tri-County, to thank each of you for helping us to have fun for the past four years. We wish you all the best of good fortune and urge you to return to Tri-County at any time for whatever your needs may be.

Sincerely,

Kenneth F. Custy
Superintendent-Director

Dedication

Mr. Packard

Mrs. Gagnon

This year we dedicate our yearbook to Mrs. Gagnon and Mr. Packard. We want to thank Mrs. Gagnon for her tireless efforts in making our yearbook a success. We would like to thank Mr. Packard, our Senior Class Advisor, for his continuous leadership throughout our years at Tri-County. The hard work of these two people has helped to make out time here very special.

We would like to thank Ms. Lennon and Mr. Genoa for all of their help with our yearbook. Their work is not seen by many people, but it is invaluable to the production of a successful yearbook.

David Call

Finally, we would like to let our classmate, David Call, know that we are thinking of him, and wish him well.

The Class of 1982

In Memory

The seniors of Tri-County would like to stop to remember our classmate, Stacey Borruso. Stacey, a health student, would have graduated with our class of 1982. Stacey's quiet smile and gentle personality brightened the lives of many people. Her classmates will always remember her as a good and loyal friend. Stacey's memory will also live on at Tri-County through the scholarship set up in her name by her parents. Stacey was only with us a short time, but it was enough time to touch our lives in a special way.

Stacey Borruso

FRIENDS . . .

can come in many shapes and sizes.

are there when times are tough.

are for sharing good times with.

can teach us about a trade,
and about ourselves.

Friends have made our four years at Tri-County an enjoyable experience. After graduation, we will lose touch with some of the friends we have made here, see others from time to time, and a few will remain close friends for the rest of our lives. To all of our friends, good luck, and thank you for being a friend.

are sometimes unique . . .

and sometimes just plain weird!

are there when you're happy . . .

and there when you're not.

Fall Sports Banquet December 4, 1981

The fall sports banquet was held to honor the athletes who participated in football, soccer, cross country and cheerleading. It was a time for coaches to praise their athletes for the hard work, time, and dedication they have put into their sport. It was also a time for the athletes to thank their coaches for their patience and guidance. It was obvious from the warm feelings and kind words that the fall sports season was a success at Tri-County Vocational Technical High School.

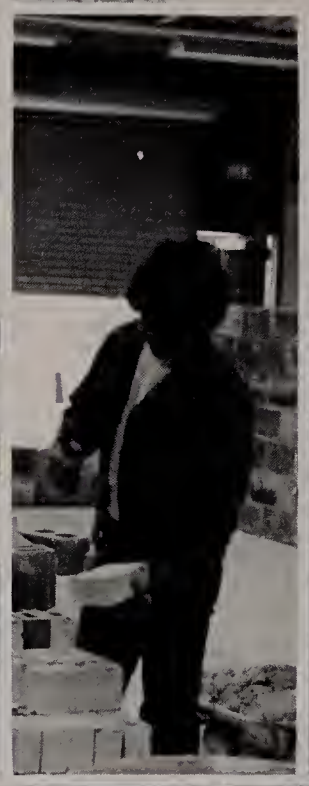
We left our friends at our local high schools and came to Tri-County because it could give us something extra. That extra, a trade, was learned through hard work, dedication, and the careful instruction of our teachers. For many of us, this trade will be the pride of our future. For all of us, the trade we learned here is now our own. We have taken a unique opportunity and turned it into a skill, an occupation, a means of self-sufficiency and confidence. Congratulations to us! We came to Tri-County to learn a trade. We have learned that . . . and much, much more.



Yearbook Staff

Seniors this year are lucky to have a yearbook that includes many original ideas, drawings, and photographs. The students on this yearbook staff are talented and dedicated people. They have worked hard to produce a beautiful book. Thanks to all of the ad sellers, typists, photographers, artists and lay-out people who have made our job enjoyable and your yearbook a success.

The Yearbook Advisors
